FOR HAPPY + HEALTHY FEET

COME TO OUR FREE
FOOTCARE CLINIC

Foot pain, calluses, corns, cracked heels, blisters, wounds, fungus and thick nails can easily happen. But they don't have to. **Come in to our free footcare clinic to give your feet some tender loving care.**

You can also talk to our nurses, in confidence, about other concerns. Our mission is prevention and we believe that all people (and their feet) deserve great care.
